

APRIL ONLINE MEETINGS

Australia & New Zealand

Monday	Tuesday	Wednesday	Thursday*	Friday
3	4	5	6 EXPERIENCE ISAGENIX PRESENTATION ADAPTED FOR BABY BOOMERS	7
10	11	12	13 THE SCIENCE BEHIND ISAGENIX with Dr. Paul Arciero	10
17	18	19	20 PRIME TIME OVERVIEW	21
24	25	26	27	28

All Prime Time meetings include time for open discussion. This is our time to connect as a group and learn from each other, so please plan to share your experiences, advice, and aha moments!

EXPERIENCE ISAGENIX/PRESENTATION ADAPTED FOR BABY BOOMERS (90 min.) — This will be a two-part meeting:

1. For the first 30 minutes, join a member of the Regional Sales team at [IsagenixZoom.com](https://isagenixzoom.com) while they share the current Experience Isagenix presentation to you and your contacts.
2. After the presentation is completed, Switch over to the Prime Time meeting room** to join other Prime Time members and discuss how the scripting can be adapted for a baby boomer audience.

THE SCIENCE BEHIND ISAGENIX (one hour) — Get to know Dr. Paul Arciero, the scientist behind the most recent [weight maintenance](#) and [performance](#) studies conducted at Skidmore College, as well as a new addition to the Isagenix Scientific Advisory Board. Dr. Arciero gets into the details of the design of the yearlong weight maintenance study, describes the complications he faced, and shares his take on the “groundbreaking” results.

PRIME TIME OVERVIEW (one hour) — During these meetings, we’ll focus on high-level information about the group and goals to give you a good understanding of the amazing community we’re building together.

**All meetings take place in the Prime Time meeting room: <https://zoom.us/j/4626865804>

Australia +61 (0) 2 8015 2088, New Zealand +64 (0) 9 801 1188

Meeting ID: 462 686 5804

*Thursday call times: 10 a.m. AEST
